

ADDITIONAL EQUIPMENT

Model SP-11 incorporates diesel and hydraulics to operate the Rotor/stator mortar pump and the intergrated mixer. Includes 50 ft. of hose and a standard gun. Optional Spincaster available.

SP-11 Mortar Pump with Mixer

RSP 500 Mortar Pump and Mixer

Model RSP-500 is an air powered rotor/stator pump suitable for smaller projects. Material output up to 3gpm with a maximum pumping pressure of 300psi. Requires 100 CFM.

The **Portable Vertical Shaft Mixer** is perfect for use with the RSP-500 Mortar Pump. It can mix a 150 lb. batch of mortar in 5 minutes.

| | |
|----------------------|-----------------------------|
| Drum Capacity | 4.5 cu. ft. |
| Batch Output | 2.2 cu. ft./175 lbs. |
| Motor Rating | 1 h.p. 110v, 12 amp |
| Paddle Speed | 32 rpm. |

Single Pot **Airless Epoxy Sprayer** provides long-lasting durability that boosts your productivity. Proven to outperform and outlast all other sprayers in its class. It easily handles the toughest protective coatings and corrosion control materials. Includes 50 ft. of hose and gun. Optional Spincaster available. Requires 100 CFM.

| | |
|-----------------------------------|-----------------|
| Maximum Working Pressure | 6800 psi |
| Maximum Air Input Pressure | 100 psi |

Single Pot Airless Epoxy Sprayer

Plural Component Epoxy/Poly Urea Sprayer has on-board heaters and comes complete with 50 ft. of heated hose and a self-purging gun. Requires 100 CFM air compressor and 15KW Generator.

| | |
|-------------------------------------|-------------------------|
| Maximum Fluid Pressure | 2200/ 3000 psi |
| Maximum Hose Length | 310' heated hose |
| Maximum Material Temperature | 190°F/88°C |

Plural Component Epoxy/Poly Urea Sprayer

Grout Pump for Single Component Injection Grouting is portable and highly reliable. It is also unmatched in performance, features and versatility.

| | |
|--------------------------------|-----------------|
| Max. Delivery | .50 GPM |
| Max. Operating Pressure | 3300 psi |
| Weight - Skid Frame | 30 lbs. |
| Power Source | 115 volt |

Portable Grout Pump

SPN-1000 Rotating Nozzle

SPN-1000 is a hand held rotating nozzle. Requires 65 CFM.
